COMPOSITION COURSE

During the festival, a composition workshop will be held. Pieces or movements for the Klexos ensemble (4 saxophones and one performer with multimedia elements) or any derived formation will be worked on. Additionally, there will be other workshops (extended techniques, improvisation, etc.), talks, and roundtable discussions, and for Distractfold Ensemble (violin, cello, clarinet and e-guitar)

Registered active students will compose up to a maximum of 10 minutes of music to be premiered at the concert within the festival on July 26, at 20:00 in the San Francisco auditorium in Plasencia.

Registration fee for active students:
200 € (6 slots)

Students wishing to enroll in the workshop must send the following documents and information to klexoslab@klexos.es:

- Brief curriculum vitae
- Excerpt, sketch, and/or information about the compositional idea to be developed in the workshop (instrumentation, technical requirements and materials, and estimated duration)
- A recording and/or score of their own composition

The deadline to submit the application will be May 26, 2024 (23:59 Spanish time, UTC +1).

Those admitted to the workshop will be announced no later than May 29, 2024, on the Klexos and KlexosLab website and social media.

Once announced, admitted participants must confirm their attendance and make the payment of the registration fee (and accommodation if necessary) to the bank account detailed in the registration section, with a deadline of June 16, 2024, and complete the registration form (www.klexoslab.es).

First phase (June - online):

- Presentation session and brainstorming.
- Distribution of scores.

Second phase (in-person):

- Reading sessions with Klexos (minimum of 2 reading sessions of 45 minutes each).
- Work on pieces for their premiere.
- Group classes/advising with Alessandro Perini and Pedro González.
- Free participation in workshops with ensembles invited to the festival.

ADMISSIONS

The full amount will be refunded to those who are not admitted due to exceeding the number of available slots. Admission criteria will consider the composer's trajectory and their affinity with Klexos' aesthetic. The chosen instrumentation will not be taken into account as long as it can be performed by Klexos (a maximum of 5 performers, 4 of them saxophonists, and 1 composer/multimedia artist) or Distractfold Ensemble. Therefore, for example, works for duos (saxophone duo, performer duo), trios, quartets, and quintets of various characteristics, with or without multimedia elements, are accepted.

REGISTRATION

A spot in the composition course will be reserved once payment of the course fee (registration and accommodation, if chosen) is made.

Bank details:
IBAN: ES93 2100 2256 0902 0025 6525
